- a. To review preliminary numbers and building assessments to date. They are also reviewing projected future enrollment numbers and projected growth.
- b. According to the numbers, SSSD is at a 90% capacity and can declare the schools/buildings closed. Out-of-district students no longer have to be accepted. Bench Creek would be affected (current students could be grandfathered in).
- c. Facility Cost Indicators have identified areas in the buildings that will need to be brought up to code based on the priority schedule.
- d. Regarding facility costs, a plan must be formed that the community can understand and support.

18. 2016-17 Budget Review. Kip Bigelow presented the Board with new information he received today from Summit County. There will be a deficit (\$144,000) and not an excess of funds. The State originally projected that SSSD would have \$1.8 billion in assessed valuation; SSSD actually has \$1.7 billion. The Board discussed how to address this issue and will monitor it to see if it trends down or becomes stable.

19. Superintendent Items: Superintendent Sorenson presented the following Information Items:

- a. **New Faculty Survey**. Superintendent Sorenson sent surveys to new faculty members (3-years back to look at trending). He received 10 out of 19 surveys and is waiting for more feedback.
